ADM² EXHIBITS & DISPLAYS, INC

We proudly specialize in the design and construction of compelling museum exhibitions; classic, yet artistic, trade show exhibits; interesting showroom and store interiors; engaging interactive product kiosks; and specialty projects.

We pride ourselves on our ability to provide quality fabrication and services tailored distinctively to each client.

Let us partner with you to create a competitive advantage and an experience that your clients will remember and appreciate.

At ADM Two, we make your vision a reality.

HISTORY & HOME

Founded in 1983 as ADM Exhibits and following the convictions of our founder Ray Butterfield's commitment to innovation and craftsmanship, we now partner with an expansive range of clients throughout the museum, trade show, corporate and retail industries.

Our rich history of fabricating museum exhibits and trade show displays of all sizes and content provides us with the unique expertise to create visually stimulating, long lasting displays that meet diverse exhibition needs.

Our 39,650 square foot facility located in Tampa, Florida, houses our corporate team offices, an innovative design center, comprehensive work stations for our craftsmen and a spacious warehouse that is ideal for fabrication, pre-show preparation and organized exhibit property management.

OUR FACILITY

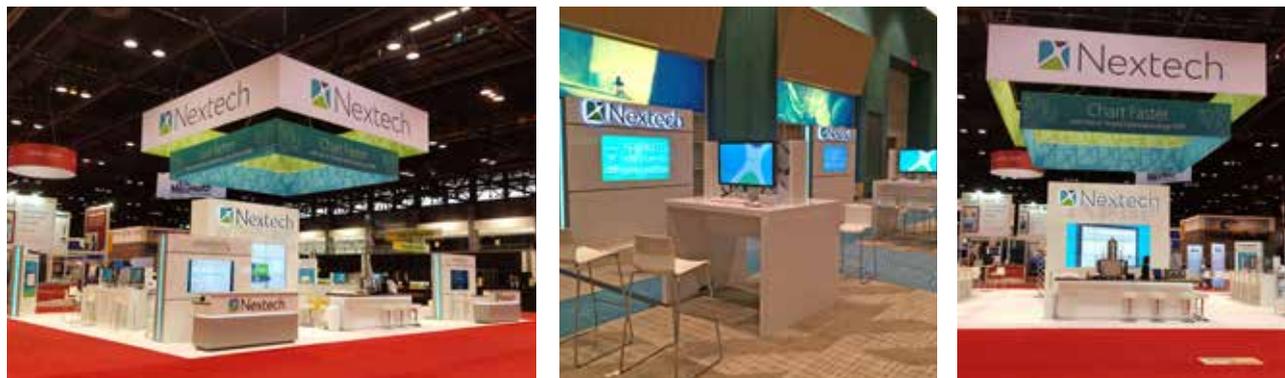

Our unique experience in providing trade show display solutions is as diverse as our clientele. Custom designs, rental adaptations, and portable and modular displays are just some of the many options our accomplished staff can help design with your distinctive identity in mind.

TRADE SHOWS

Our skilled craftsmen and team of exhibit specialists will work diligently to develop a three-dimensional exhibit that reflects the vision you have for your company. Considering every detail in the process, we are more than just an exhibit house; we are your strategic trade show partner.

WHERE VISION BECOMES REALITY

MUSEUMS

Our experts recognize that museum exhibits should be visually stimulating, informative and engaging.

We want your visitors to connect personally with your stories and information.

Our portfolio of successful museum projects, ranging from science and cultural history to community endeavors and the arts, provides us with a unique sensitivity to adapt to your museum's time, safety, durability, educational and budget constraints.

We understand the unique design and requirements of both permanent and touring/traveling exhibitions.

We offer gallery refurbishment, customized casework, storage, shipping, and full travel exhibition management services tailored to your specific museum requirements.

From kiosks to showrooms, our team of engineers and craftsmen are dedicated to creating welcoming, highly functional, branded environments that will effectively communicate your company's unique message.

It is our goal to make certain that each area within your facility will reflect your image, message and purpose.

Let us help you make the most of your branded message.
